

October 2, 2021

Dear Family Members and Visitors,

We are very pleased to report the Harmony Unit visitation is now open to family and friends' visitation.

All results received have returned as negative. We have conducted the required interim testing, and the final testing associated with this event is completed.

The interim "rapid response" PCR testing took place on Wednesday, September 29<sup>th</sup>. Thankfully, all staff and resident test results were returned negative, and we can resume inside visitation as before.

We know this might have been an inconvenience however we appreciate your continued support and patience as we work to keep our Residents and staff as safe as we possibly can. As always, thank you for your support and continued patience during these difficult times.

Best regards,

Kathy Pajor, Interim Administrator  
Sharon Blaine, Director of Nursing Services
